Stuart Greenleaf, LAc is an acupuncture provider in the Trillium OHP network.

Acupuncture is now covered by Trillium for any problem. The previous narrow restrictions have been removed for Trillium members, but still apply for those with Open Card.

A patient now has direct and immediate access, without Trillium authorization. Physician referral is not required but is appreciated.

If you are not a Trillium member, then you might know someone who is. Please spread the word, so we can get treatment started for anyone who may need it. **OHP covers 100% of the cost, so there are no co-payments or other charges for OHP members.**
